## After Degree Year 1

**Registration Information 2023-2024**

**Senior Years Streams**

THE UNIVERSITY OF  
WINNIPEG

---

## After Degree Year 1 Registration Information

### Registration Materials

Most of the university's course information is posted online. Students are advised to visit the University's website, and to look at the following documents for more detailed information:

#### The Academic Calendar

The Academic Calendar contains information on degree requirements, program rules and regulations, and course descriptions. The Academic Calendar is available online at:

<http://www.uwinnipeg.ca/academics/calendar/index.html>

#### Course Schedules

The course schedule for Year 1 of the After Degree program is prescribed, and is included in your registration package

#### Student Planning System

"Student Planning" is UW's online system for planning and registering for courses. You can use Student Planning to register for courses, drop or add courses, and communicate with your advisor. Throughout your degree program, you can use Student Planning to track your progress, and ensure that you are meeting all requirements. To begin, view some helpful video tutorials about Student Planning by visiting the following web page.

<https://www.uwinnipeg.ca/student-planning/instructional-videos.html>

#### Registration Instructions

The "Registration" section of the University's website contains a wealth of information to help you register for your courses — <http://www.uwinnipeg.ca/registration/index.html>

Here, you will find information on tuition payment, getting your student ID card, buying books, and much more. You will also find instructions for using WebAdvisor, the University's online registration system. Take some time to review the material on this website. Remember that the After Degree program has many unique rules and regulations, so some of the course information in this section will not apply to you. For example, the academic dates for the After Degree program are different from those for other university programs. This booklet should be your primary resource for information on courses, degree requirements, and academic dates.

### Regulations Related to Course Scheduling

Students have a prescribed schedule, and have been assigned to specific courses and sections for the upcoming year. **No schedule changes can be accommodated, even when there is space in other sections.** You must schedule all other activities, including work, around your classes and your practicum commitments.

## Senior Years Curriculum, Instruction and Assessment Courses

Senior Years students will take Middle Years “Curriculum, Instruction and Assessment” (CIA) courses in broad subject areas related to their teaching areas (e.g. English Language Arts, French, Kinesiology, Mathematics, Science, or Social Studies). Students will also take specialized curriculum courses in their major and minor subjects. Students will gain a thorough understanding of teaching methods in their subject areas, and will learn strategies for teaching in both middle and senior years grades.

## Practicum Blocks I and II

Students will register for two extended blocks of practicum in Year 1. These blocks are each worth 3 credit hours toward degree requirements. The blocks are represented by course numbers, and are listed on your registration forms. Students in the Senior Years stream will complete both blocks in a cohort in a pre-determined Winnipeg Middle Years school. In addition to these blocks, students will spend the first week of September and then two half days or one full day per week in their host schools throughout both terms at pre-determined times that fit with their class schedule. Year 2 practicum will be in a senior years setting. In addition to regular tuition fees, students will be charged a supplemental practicum fee of approximately \$186.50 per block (\$373 for the year).

## Foundations of Teaching and Learning

All After Degree students must register for EDUC-4002 Foundations of Teaching and Learning. Students in the Senior Years streams have been assigned to **section 151**. [Section 150 has been reserved for students in the Elementary streams.](#)

## Inclusive Approaches to Teaching Exceptional Students

After Degree students must take EDUC-3511-150 Inclusive Approaches to Teaching Exceptional Students.

## SY C, I & A: Literacy Across the Curriculum

Senior Years stream students will register for EDUC-4870 SY C, I & A: Literacy Across the Curriculum. Students with a teachable major or minor in English will not take EDUC-4752 and will instead be assigned to a section of EDUC-4102 Teaching English as an Additional Language (TEAL).

In order to accommodate the student teaching blocks, certification year courses will be offered in a condensed format, so that they can be completed before student teaching begins. Condensed courses may be offered in the Fall term, the Winter term, or across both Fall and Winter terms. Each term will consist of ten weeks of lectures and exams, followed by a student teaching block

Students in the After Degree program must register for numerous courses. It is possible for errors to be made completing your online registration. Please check your registration carefully, and ensure that you have selected the proper courses and sections. If you discover an error later, and your intended course or section has subsequently filled, we may not be able to accommodate a change.

## Attendance Policy

The Bachelor of Education Program leads to a professional degree. Students are expected to attend, be punctual and participate in all classes. These expectations acknowledge their importance for the teaching and learning process and the professional responsibilities of teachers. Students are encouraged to volunteer and participate in extra-curricular activities in their host schools. However, students must ensure that no conflict occurs between the school activity and their attendance in class. Students are not to miss University classes for school activities.

## Academic Advising

Advisors in the Faculty of Education Office are very busy between April and August with admissions and new student orientations. We typically receive a high volume of both phone calls and emails during this time, and cannot respond to all inquiries immediately. Please expect to wait at least a few days for a response. Please read your materials carefully before calling, as you may find the answers that you need.

Email and voice mail should be used for quick questions only. If your questions or concerns are complex, please make an appointment to meet with an advisor. Appointments can be arranged by emailing [a.bourgoin@uwinnipeg.ca](mailto:a.bourgoin@uwinnipeg.ca)

## Classroom Locations

Most Senior Years Education classes are taught on the main campus, in Manitoba Hall or Lockhart Hall. Classrooms 0AN40 - 0AN81 are located in the Courses will be taught in The Annabelle and Herb Mays Education Commons, 491 Portage Avenue, annex (basement).

## Certification Orientation

Students must attend a “Certification Orientation” which will be held on Tuesday, August 29, from 9:00 am to 12:00 pm in room 4M31. At this meeting, you will be informed about student teaching practicum experiences and expectations for the coming year. You will also meet your Faculty Supervisor, who will observe, mentor and evaluate your progress throughout your practicum.

## “Contact to Contract”

The University of Winnipeg offers a series of career exploration seminars and workshops for certification students. These sessions will cover a variety of topics, such as writing effective resumes and cover letters, developing professional portfolios, preparing for job interviews, and making contacts in the field of education.

Each year, representatives from various school divisions conduct preliminary job interviews with graduating students. These job interviews typically take place during Reading Week (approximately mid February). If you would like to participate in these interviews in Year 5, you must be available during this time. Interviews cannot be arranged at alternate times. If you are planning a vacation, there are no classes or practicum during school spring break, which typically takes place in late March. Please visit the Faculty of Education Office in September for more information, or visit our web page at <http://www.uwinnipeg.ca/edpd/>
