BACHELOR OF ARTS DEGREE WITH A MAJOR IN

ENGLISH

Overview

Students of English develop excellent analytical, reading, and writing skills, which are assets in almost any career. The study of English can also lead to teaching, or a career such as news reporting, publishing, advertising or public relations. An honours program provides a solid basis for students planning to attend graduate school in English, linguistics, speech pathology, journalism or women's studies.

"It was a wonderful experience being a student at The University of Winnipeg. High calibre faculty challenged me to do my best. I believe I benefited from the small collegial atmosphere of the university with professors who are available and accessible to students. It helped make me the student I was then and the teacher I am now."

- Nicole Rosevere (BA Hons. English), freelance writer and high school teacher.
