

EMPLOYMENT OPPORTUNITY

Closing Date: 02.07.2024

ENVIRONMENTAL AUDITOR WINNIPEG, MB

Manitoba Hydro is consistently recognized as one of Manitoba's Top Employers!

Great Benefits

- Competitive salary and benefits package.
- Defined-benefit pension plan.
- Nine-day work cycle which normally results in every other Monday off, providing for a balanced approach to work, family life and community.
- Flex-time and partially remote work schedule (providing the option to work remotely 3 days per 2 week period), depending on nature of work, operational requirements and work location.

Manitoba Hydro is a leader among energy companies in North America, recognized for providing highly reliable service and exceptional customer satisfaction. Join our team of Manitoba's best as we continue to build a company that supports innovation, commitment, and customer service, while actively supporting a diverse, equitable and inclusive workplace.

Within the context of the Internal Audit Division Charter and under the direction of the Environmental Audit Coordinator, you are responsible for a variety of assigned tasks related to assurance and consulting engagements. These engagements assess the extent to which Manitoba Hydro's environmental management system (EMS) is designed and implemented to effectively support the achievement of intended results, and its compliance with environmental legal and regulatory requirements.

This position requires travel by air, and you will be required to confirm that you are able to meet Transport Canada's requirements for air travel, as they may be amended from time to time.

Responsibilities:

- Assist with the development, implementation, and maintenance of an ISO 14001 EMS Audit Program and an Environmental Compliance Site Visit Audit Program.
- Plan, develop, and execute detailed audit programs to evaluate Manitoba Hydro's EMS, environmental controls, and environmental compliance in accordance with the Internal Audit Manual and other applicable professional auditing standards.
- Recommend strategies for improving environmental performance and reducing environmental risks to Manitoba Hydro.
- Communicate and interact with all audit stakeholders to foster strong working relationships, meet engagement requirements, resolve audit issues, and ensure corrective actions are completed in a timely and appropriate manner.
- Provide oral and written reports and presentations to all levels of management
- Keep abreast of new and proposed changes to environmental compliance obligations (internal and external), ISO 14001 and ISO 19011.
- Perform administrative duties delegated by the Environmental Audit Coordinator.

Qualifications:

- A four-year degree from an institute of recognized standing in an applicable discipline combined with a minimum of five years' experience of which a substantial portion obtained in an Internal Audit environment.
OR
- A professional Designation from an institute of recognized standing in an applicable discipline combined with a minimum of four years' experience of which a substantial portion obtained in an Internal Audit environment.
Or
- A Chartered Professional Accountant (CPA) designation combined with a minimum of two years' experience of which a substantial portion obtained in an Internal Audit environment.
- Relevant post-secondary education such as a master's degree in a related field, or Environmental Management System Lead Auditor Certification from an accredited organization would be considered an asset.
- Working knowledge of environmental management frameworks and standards, and municipal, provincial, and federal environmental legislation.

MANITOBA HYDRO IS COMMITTED TO DIVERSITY AND EMPLOYMENT EQUITY

- Knowledge of environmental impacts and risks associated with the utility industry.
- Working knowledge and/or experience with using data analytics and data visualization tools would be a definite asset.
- Exceptional interpersonal and written communication skills.
- Demonstrated high level of analytical ability and attention to detail.
- Ability to prioritize and complete multiple assignments in a deadline driven environment.
- Ability to handle confidential information, respect and adhere to all professional standards and codes of conduct/ethics.
- Possess and maintain a valid Class 5 Province of Manitoba Driver's Licence.
- Required to travel by all modes of transportation i.e., air, land and water.

Salary Range

Starting salary will be commensurate with qualifications and experience. The range for the classification is \$42.28-\$58.34 Hourly, \$81,019.90-\$111,796.10 Annually.
